AMAZING FACT

AMAZING FACT

8.753 KM

A DIRECT DISTANCE
FROM LUGO (ITALY) TO
PETROPAVLOVSK-KAMCHATSKY
(RUSSIA)

THE FIRST TIME IN HISTORY
A GROUP OF **10** GENERAL AVIATION AIRCRAFTS
FROM ITALY EXECUTES **11.000 KM**
FLIGHT AND REACHES KAMCHATKA.

AIR TOUR OBJECTIVES:

- **Establish a World Record** as a group of 10 General Aviation aircrafts from Italy reaching Kamchatka
- Popularization of geography by **sharing stories and media materials** collected during the tour
- **Strengthen the friendly relationship, culture and experience exchange** between Italian and Russian General Aviation pilots
- Popularization of **international air-tourism**
- Contribution to the **cultural exchange between Italy and Russia** in general

MAIN CHALLENGES

MAIN CHALLENGES:

Very long flight distance
(>22.000 km two-way)

Most of the route over
unpopulated areas of Russia
(Siberia, Taiga, Far East)

Long legs in formation flight
(up to 5 flight hours)

Unusual flight and meteo conditions

A lot of bears!
